EDUCATION

McGill University

Ph.D. in Transportation

Montreal, Canada

Jan 2019–Aug 2022

- Advisor: Prof. [Lijun Sun](#) (McGill, main) & Prof. [Martin Trépanier](#) (PolyMtl, co-supervisor)
- Thesis: “Travel-Behavior-Based Inference and Forecasting Methods in Metro System”

Harbin Institute of Technology

M.S. in Transportation Planning and Management

Harbin, China

Sep 2016–Jul 2018

- Advisor: Prof. [Jia Yao](#)
- Thesis: “An Analysis of Two Hybrid Route Choice Models in Stochastic Assignment Paradox”

Harbin Institute of Technology

B.Eng. in Traffic Engineering

Weihai, China

Aug 2012–Jul 2016

- Thesis: “Design of a Traffic Data Management and Analysis Software”

RESEARCH INTERESTS

- Travel behavior and mobility pattern mining
- Machine learning in transportation
- Spatiotemporal data modeling
- Sustainable transportation

EXPERIENCE

McGill University

Postdoctoral Researcher

Montreal, Canada

Aug 2022–Current

- Advisor: Prof. [Lijun Sun](#)
- NSERC Alliance project with [ExPretio](#) and Mitacs: “Probabilistic forecasting of train ticket booking demand with hierarchical correlations”

Exo

Intern

Montreal, Canada

Feb 2019–Feb 2022

- Mitacs project: “Spatiotemporal travel behavior modeling and analysis for better public transport systems”

Wenzhou Urban Planning and Design Institution

Intern

Wenzhou, China

Summer 2016

- Residential area parking spaces renovation project

Weihai Traffic Engineering Research Institute

Research Assistant

Weihai, China

May 2015–Jun 2016

- Weihai traffic signal system optimization project
- Traffic impact analysis

TEACHING

- **Teaching Assistant** at McGill University
Spatiotemporal Data Mining (CIVE 650) Fall 2022
- **Teaching Assistant** at McGill University
Traffic Engineering & Simulation (CIVE 440) Winter 2021
- **Teaching Assistant** at McGill University
Sustainable project management (CIVE 324) Winter 2021
- **Teaching Assistant** at McGill University
Traffic Engineering & Simulation (CIVE 440) Fall 2021

AWARDS AND SCHOLARSHIPS

- Second-best Paper Award at the 15th CASPT and 8th TransitData. 2022
- CIRRELT Excellence Scholarship (Doctoral Rédaction) 2020
- McGill Engineering Doctoral Award (International) 2019–2021
- Excellent Graduate Thesis of HIT 2018
- First Level Scholarship of HIT 2016, 2017
- Excellent Graduate of Shandong Province 2016
- Third Prize of National Competition of Transport Science and Technology 2015
- First Prize of China Undergraduate Mathematical Contest in Modeling 2014

PROJECTS

- Probabilistic forecasting of train ticket booking demand with hierarchical correlations Aug 2022–Current
 - NSERC Alliance project with [ExPretio](#) and Mitacs
 - Postdoctoral researcher
- Enhancing Transit Service by Intelligent Trip Inference and Recommendation System Nov 2021–Aug 2022
 - NSERC Alliance project with *Transit* (<https://transitapp.com/>)
 - Principal researcher
- Spatiotemporal Travel Behavior Modeling and Analysis for Better Public Transport Systems 2019–2022
 - Mitacs Accelerate project with *exo* (<https://exo.quebec/en>)
 - Student participant
- Research on Spatiotemporal Characteristics of Travel Route Selection Based on Big Data 2018–2019
 - GAIA collaborative research funds for young scholars with DiDi (<https://www.didiglobal.com/>)
 - Student participant
- Research on the Characteristics of Traffic Paradox in Random Route Choice Model 2016–2018
 - National Natural Science Foundation of China
 - Student participant

PRESENTATIONS

- [1] “Probabilistic model for destination inference and travel pattern mining from smart card data”, in *Zooming in on collaborative digital intelligence*, Montreal (virtual), Apr. 21, 2021. [Online]. Available: https://youtu.be/xLuYrb_mmdM.

PROFESSIONAL SERVICE

Reviewer

- Reviewer of Transportation Research Part C: Emerging Technologies
- Reviewer of Journal of Advanced Transportation
- Reviewer of Public Transport
- Reviewer of Transportation Research Board (TRB) Annual Meeting
- Reviewer of Transport Policy

Member

- Student member of Chinese Overseas Transportation Association (COTA)
- Member of IEEE
- Student member of Interuniversity Research Centre on Enterprise Networks, Logistics and Transportation (CIRRELT)
- Friend member of TRB Standing Committee on Public Transport Planning and Development (AP025).
- Student member of McGill Sustainability Systems Initiative (MSSI)
